OUR BUSINESS

SHIPBUILDING AND CONVERSION

LUNAS LANGKAWI SHIPYARD (Formerly Known As Boustead Langkawi Shipyard Sdn. Bhd.) was born out of 20 years of shipbuilding and ship repairs experience with a blend of foreign & local experts.

This teaming up has come a long way and has grown from strength to strength with confidence & capability. We are proud of providing excellent service and quality workmanship.

We offer a complete service from design stage to building, interior decorating and testing of newly built vessels. Our customers have the option to choose from our extensive range of existing and new designs specially tailored to suit their requirements.

It is our culture and tradition to provide a world class standard for all ship repair, new build and ship conversion projects undertaken.

REPAIR AND REFIT

Our skilled and experienced workforce is capable of providing repair and refit services to various types of vessels such as white boats, ferries, fast interceptor craft and more.

DESIGN ENGINEERING SERVICES

Fully backed by internationally renowned designers with excellent design portfolio, we are able to provide quality services in design/production/engineering drawings in compliance with IACS Classification Societies through internal Quality Management System (QMS) adherences and advance design system software utilization.
